BRIEF ABSTRACT OF LETTER.

Forwards three statements and raises certain points for orders in connection with the allocation and gradation of the Inspectors including officials in the ministerial line.

NOTES AND ORDERS.

Cap I

The allocation of the twelve First Grade Inspr on Rs. 75-5-125 and the starting pay proposed by the Registrar of Cooperative Societies, will be as shown in the statement* prep — and here.

3 Now, Dr. N. Venkataramanya who was borne as Manager and doing the duties of Inspector in executive line has been given sequence and shown above as he was like Messrs Venkataramaiya and D. Krishnaiah (nos. 10 & 11) who were already Inspectors permanent ~~and drawing~~ on Rs. 77 and acting in the higher grade of Rs. 87-4-100. The reason assigned is that Dr. N. Venkataramaiya is considering on superannuation.

Dept. gradation list fixed

4 The Registrar (also) urges in this letter the need for the inter-change of Inspectors in executive work to office work and vice versa. Whether in accepting this principle, the established gradation of Inspectors is to be disturbed to the detriment of the interests of the Inspectors concerned is a point for orders. The allocation of the Inspectors in the lower grades depends on the settlement of the point raised above.

(ranks already once recognised)

5 Whether the starting pay of the officials concerned may be fixed strictly in accordance with the provisions of The M. S. R. irrespective of the past stagnation and

6 By permanently fixing Mr. H. Venkataramayya the permanent manager of the Registrar's office as Inspector on Rs 100-5-125 and promoting Mr. B Suryanarayana Rao, permanent Inspector on Rs 67 (his rank being 14th in the Inspectors' List) to the place of Manager on Rs 100, the interests of 3 Inspectors in the 2nd grade on Rs 77 (two of whom are graduates and two Inspectors in the 3rd grade on Rs 67/- (who are also graduates) will suffer. Mr. B. S. Rao goes over 5 Inspectors in all who have been his seniors all along and 2 clerks who are also getting permanently

Rs 72/-. When mr. B.S. Rao wanted to go over two of his seniors in the Inspectorate, Govt ordered that he could not supersede his senio (C.S. 163-26-(14-2).

1 The Registrars present proposal makes mr. B.S. Rao supersede 7 senio people in all, none of whom has been condemned.

2 Besides, the proposal to treat the manager as an Inspector of the 1st grade will further make mr B.S. Rao all on a sudden to become a first grade Inspecto from his 3rd grade and set in course of time the 10th place, in case another Inspector in the 1st Grade is taken as Manager. The proposal

will also frustrate the very object of Govt in fixing the pay of the manager at 100-5-125 with a view to attract better qualified men to the ministerial line. Another anomaly is that if the proposal is sanctioned, the highest pay in the clerical line will be Rs 95/-. There will be no chance for a qualified hand in the clerical line to get the higher post of manager.

9 Again, the proposal will set aside all the G.O.s passed from time to time re the interchange of officers from the Inspectorate to the clerical line & vice versa. The consolidated allowance of Rs 20/- which Mr. B.S. Rao draws is only a cycle allowance given

20.9. Kind refe is invited to G.O. No. D. 2119-203 C-S 2-26-10 × 17th Aug 1928, Sanctioning the reorganisation of the Cooperative Dept.

With refe to this order, the Registrar has now submitted allocation statements of the clerical, Inspectorate & menial staff of the Dept, for the appl of Govt. He requests Sanction to the following additional proposals in that connection:—

i) The Reg' proposes that, even in the case of such men as are not qualified for promotion (not having passed the Dept' test), they may

be given one increment, in view of their long service and stagnation on the same pay for a no. of years, subject to the proviso that further increments will not be allowed unless they pass the test. The recommendation seems equitable One increment may be given on the conditions suggested, provided further that the incumbent has been getting the same pay for not less than three (3) years. (advance increments)

I agree WK

ii) Special promotions have been recommended by the Registrar in a few cases. It seems desirable not to take this up in a general order of this kind. The Registrar may be requested to make special references (in exceptional cases), where such promotions are warranted by the circumstances.

Special promotions are wrong in principle, and create undesirable precedents. May also be productive of discontent. I am not in favour of proposal. WK

iii) For July & Aug 1928, the salary & ssl have been drawn according to the old scale. It would seem from the Reg's letter that acting allowances have been drawn by certain officials, which are not admissible under the new scale. The Reg requests that the amounts (in excess, according to the new scale) drawn need not be asked to be refunded. The amt involved has not been mentioned. Whether this refund may be waived as a special case in favour of the Comptr may be consulted.

Comptr's opinion to be requested WK

ii) The most important of the changes - for which approval is now requested - is the permission to transfer clerks & Inspectors (of the 2nd grade) as Inspectors or clerks (or "Inspectors on Office duty" as the Registrar calls them) acc. to exigencies of work. Kind refer is invited in this connection to the G.O. No. 2c.1609-D. 4th Sept 1924 (Flag P). directing that the Clerical & Inspectorate Services should as a rule, be kept distinctly apart and that interchange should be permitted only in exceptional cases. From the collections put up, it will be seen that this principle has not worked satisfactorily & has led to considerable discontent, that favourites get over the heads of their Seniors, by being preferred now in the line of Inspectors & now in the line of clerks. As a matter of fact, the Cooperative Committee suggested the desirability of providing for such interchange, wherever necessary. It seems therefore desirable to bring the clerical & Inspectorate staff under one cadre (for fixing the relative rank & seniority) How this will affect particular individuals in either Service, has, of course, to be examined. A Secy may be consulted.

iii) The Reg. requests that the Manager of his office may also be treated as an Inspector

Bringing the clerks into the Insps' grade will give rise to difficult questions connected with relative seniority. I do not see the need for the step. Inter-change should be the exception and not the rule. That is the principle already recognised by Govt.

Quite so.

16 Distribution of sanctioned number of hands among the several offices is an administrative question and no audit ruling is involved. The entire sanctioned number has to be allocated to the several offices.

17 In statement No.2, the distribution of peons on Rs.11/- is shown only for 12 instead of 15 hands, sanctioned in the Government Order.

18 Statement No.3 does not clearly exhibit the pay or salary drawn on 1st July 1928, the date from which the revision is given effect.

19 The question of persons acting in leave vacancies has to be separately considered, with reference to the vacancies. The allocation of permanent hands in the revised scale has to be considered now. If the existing hands are allocated in the revised grade their initial pay will have to be regulated, in accordance with the provisions of Articles 84 and 86 M.S.R.

20 The statement has to be got revised so as to indicate the substantive pay and pay drawn on 1st July 1928 and pay admissible under the Regulations and it is only then it will be possible to say what amount is overdrawn.

21 Waiving the recovery of the amount overdrawn is not admissible, and if the excess amount cannot be recovered the revision will have to be given effect to from a later date as in the case of the Gardens.

22 The posting of the present Manager on Rs.100/- as permanent 1st grade Inspector and an Inspector on Rs.67/- (Permanent) as Manager on Rs.100/- in the revised grade is financially not acceptable and would involve a departure from the ordinary rules of starting a man on the lowest pay of the grade just above Rs.67/-

23 Pending final orders the Registrar may be asked not to make any acting arrangements or claim increments under the old ~~rules~~ scale.

24 Persons acting in higher grades will draw acting allowances according to rules so long as they continue to act. In this case the vacancies will have to be specified.

41 In fixing the initial pay in the revised scale it is proposed in the draft Order to sanction advance increments for past service apparently on the analogy of the principles adopted in respect of the establishment of the Civil Courts and the Registration Department. The circumstances under which some special concession was shown in those departments were rather peculiar. Their reorganization schemes were long overdue.

42 In the case of the Co-operative Department however, the last revision was sanctioned so recently as in 1923 and 24. It appears to me that there is no strong reason to give more than one advance increment in any case for past service. In fact, the Registrar himself does not recommend more than one increment in a number of cases; for instance, Inspectors (1) to (7) are proposed to be started by him in the new grade on Rs 105/- while in the statement accompanying the draft Order Rs 110/- is mentioned as the sanctioned pay. The grant of one increment for past service on the same rate of pay for over two years with the addition proposed to those in the intermediate stage of pay as in clause (c) of the draft, seems, in my opinion, to generally meet the requirements of the case. If any officials deserve special treatment on the ground of exceptionally good work, an additional increment may be given on personal considerations. But, such cases should, I think, be very few.

43 The revised scale has been sanctioned with effect from 1st July 1928. The pay bills for the months of July and August and possibly of September

and October have been drawn under the old scale. Orders should be passed on the point raised in para (2) of the Registrar's letter. If the new scale should have effect actually from 1st July 1928, re-adjustments of pay drawn under the old scale will have to be made and necessary retrenchments effected. As observed by the Comptroller, the recommendation of the Registrar to give effect to the new scale without enforcing refunds of excesses drawn cannot be accepted. Specific instructions of Government on this point have to be included in the draft Order.

To

N. Rama Rao, Esq., B.A. B.L.,
Secretary to Government, Development Departments,
Bangalore.

Sir,

I have the honor to thank the Government for the re-organisation of the subordinate staff of this Department sanctioned in G.O. No.D.2119-20/C.S.2-26-10 dated 17th August 1928 and to forward for the approval of Government herewith three statements, one showing the allocation of the clerical staff of the Department between the office of the Registrar and the offices of the four Assistant Registrars, the second showing the allocation of the menial staf between the above offices, the Sub-Assistant Registrars and the Inspectors, and the third showing the pay and the grade proposed to be given to the several Inspectors and clerks in the new scale. In cases in which the incumbents are not duly qualified for promotions on the ground of their not having passed the prescribed departmental tests, a remark has been made to that effect in the remarks column, but one increment is proposed to be given in all such cases in view of their long service and experience and also of their having had no promotions from years. But in the order granting the promotion it will be specifically stipulated that further increments in the grade will depend on their qualifying for the promotions as per Standing Orders of Government. In the other cases, the persons are either duly qualified for the promotions or have been granted exemptions

by Government from passing the prescribed departmental tests. In a few cases special promotions have been recommended on the groun of their very good work so as to serve as an inducement for the others also to do good work by creating an impression in their minds that good work will be appreciated and properly rewarded. In the interests of efficiency and good work this inducement is absolutely necessary. I request that Government may kindly be pleased to sanction my proposals at a very early date.

2. Some of the officials who were temporarily acting in highe grades and some of the temporary officials who were acting in deputation & leave vacancies under the old scale have drawn accordingly for the months of July and August 1928 and as under the revised scale now sanctioned these posts have been converted into appointments on graded pay with a smaller minimum than the pay of the acting vacancies, the Comptroller has requested me to obtain the sanction of the Government for the passing of the salary bills of July and August 1928 under the old scale. It i hardly necessary for me to add that the acting allowances have been drawn and disbursed under the old scale and that it would be hardly fair to the officials to direct them to refund the amounts drawn. As the amount involved is very small, I request that the Comptroller may be instructed to waive his objection as a special case.

3. With reference to the seven clerks on Rs 40-5-75 provided in the new scale, --this grade pay is parallel to the grade pay of the 2nd Grade Inspectors-- viz., 40-5-75,-- I beg to suggest that they may be treated as Inspectors on office duty as distinguished from Inspectors on field duty and I may be empowered to transfer them to the executive line and bring in exchange from the executive to the clerical line Inspectors in the same grade whenever

whenever necessity arises for the adoption of such a course in the exigencies of work. The services of Inspectors with good experience of field work are very necessary for improving the efficiency of the Registrar's office and the Divisional Assistant Registrars' offices. In Madras the entire inspectorate is divided into two classes viz., Inspectors on field duty and Inspectors on office duty and the Registrar's office, and the offices of the Deputy Registrars and the Assistant Registrars are provided with Inspectors and during the time they so work in the office they will be designated Inspectors on office duty. Instead of continuing the same men for all time in the same groove, this will enable the Registrar to improve the efficiency of the Department as a whole and rejuvinate the offices by bringing in fresh blood from the Inspectorate and vice-versa whenever necessary. The proposal does not involve any extra cost; only the designation of the seven clerks on 40-5-75 will be changed to that of Inspectors on office duty, bringing the total strength of the Inspectorate to 42 as noted in the margin, and reducing the clerical staff by seven. Similarly the Manager of the Registrar's office will have to be treated as an Inspector so that any of the first grade Inspectors who have reached 100 or more in the grade may be appointed as Manager.

12 First Grade Inspectors on 75-5-125 (on field duty)
30 Second -do- on 40-5-75 (of whom 23 will be on field duty and seven on office duty)

4. The G.O. while empowering me to appoint pro-rata Inspectors of co-operative societies on 40-5-75 for every addition of 50 societies over 1750, is silent about the question of appointing a temporary peon to work under the pro-rata Inspector. I may therefore be empowered to appoint a peon on Rs 11/- to work under the

the pro-rata Inspector, as is the case with other Inspectors on field duty.

5. With regard to the appointment of pro-rata clerks on 25-2½-50 at the rate of one for every addition of 75 societies in a division over the existing number of 1750, I beg to submit that these Divisional offices were constituted in the year 1923 and they were each allotted 4 clerks. The increase in the number of societies in each Division since then is noted in the margin.

	No.of societies on

Bangalore Dn.	401	460	490
Mysore Dn.	401	479	508

Shimoga Dn.	296	337	359
Bangalore City.	50	52	60
Total	1541	1748	1868

It is with the idea of giving some relief to the Divisional offices that I requested Government to empower me to appoint a pro-rata clerk for every addition of 75 societies over 1750. As it is, the clerical work in some of the divisional offices is very heavy and the limited staff of 4 clerks given to those offices when the number of societies was on average between 300 and 400 have been finding it impossible to cope with the work brought about by the further expansion of the movement. I therefore request that, in modification of the orders that Government have been pleased to pass empowering me to appoint a pro-rata clerk for every addition of 75 societies <u>in a Division</u>, I may kindly be empowered to appoint a pro-rata clerk for every increase of 75 societies <u>in the State</u> over 1750. This will enable me to give immediate relief to the Mysore Divisional office where the number of societies on 30-6-28 was 508 as against 401 on 30-6-23, the year in which the Division was created. Similarly the Bangalore Divisional office requires relief, the number of societies there having risen to 490. An increase of 75 societies in a Division

(9)

is a matter of couple of years in the least. But the above two offices cannot afford to wait for such a long time without adversely affecting the office work. The pro-rata clerk is not meant for the Registrar's office but only for the Divisional offices. I therefore request that the order may kindly be modified as suggested above and I may be empowered to post such clerk to any of the Divisional offices where the work is heavy.

6. As the Comptroller has already taken objection to the salary bill of the office for August 1928, I request that the allocation proposals may be approved by Government at a very early date.

I have the honor to be,
Sir,
Your most obedient servant,

J C H Ramaya
Registrar.

Dear Mr. Ramayya,

Regarding the allocation of the Inspectors of your Department there was some variation in regard to order of seniority between your list, and the list prepared in the Secretariat.

I see that I have two lists received from you- one, the list which accompanied your letter No. C.S.1713 dated the 12th September 1928 and the other, the list you personally brought with you to the meeting with the Third Member. These lists are at variance with one another. The printed gradation list (as it stood on 31st December-1925) is at variance with both.

I would be greatly obliged if you would kindly see me with a correct list at your early convenience, as the allocation is held up on this account.

Yours sincerely,

Fair copy.

READ—

Government Order No. D. 2119-20—C. S. 2-26-10, dated the 17th August 1928, sanctioning the reorganisation of the Co-operative Department, with effect from 1st July 1928.

2. Letter No. 1713—C. S., dated the 12th September 1928, from the Registrar of Co-operative Societies in Mysore, submitting proposals, in connection with the re-allocation of the Inspectors of Co-operative Societies and the ministerial staff of the Office of the Registrar of Co-operative Societies in the revised grades.

3. Unofficial Note No. 285—TAD, dated the 17th October 1928, from the Comptroller to Government.

ORDER NO. D. 6631-2—C. S. 37-28-3, DATED 22ND DECEMBER 1928.

Government are pleased to sanction the allocation of Officials and their starting pay as shown in the annexed statement (No. I).

2. The allocation of the menial staff as indicated in the annexed Statement No. II is also sanctioned.

3. This order will come into force from 1st July 1928; but it shall not have the effect of invalidating the salary and allowances of temporary and acting officials drawn, and disbursed, under the old scales prior to the date of the order.

4. The extra cost on account of the revision during the year 1928-29, will be about Rs. 4,530 and will be met out of the provision of Rs. 10,000, made for the purpose in the budget.

5. As regards the free interchange of hands from the executive to the ministerial line and *vice versa*, Government consider that no such general authorisation as that proposed by the Registrar is necessary. If an interchange is considered necessary in any case, the Registrar may obtain previous orders of Government.

6. In the Government Order of 17th August 1928 read in the preamble, Government have authorised the Registrar of Co-operative Societies (i) to appoint an additional Inspector of the lowest grade for every complete increase of 50 Societies over the present level of 1,750; and (ii) to strengthen the clerical staff of Divisional Offices by an additional clerk of the last grade on Rs. 25—2½—50 per mensem for every complete increase of 75 Societies in the Division. The Registrar now suggests that he may be empowered to appoint a peon on Rs. 11 to work under the new *pro-rata* Inspector. Government are pleased to accord sanction to this proposal.

7. The Registrar has represented that in some Divisional Offices the work is so heavy that an addition to the existing staff is immediately necessary. He is requested to submit proposals in this behalf with the necessary data for the orders of Government.

N. RAMA RAO,
Secretary to Government,
Development Departments.

To—The Registrar of Co-operative Societies in Mysore.
The Comptroller to Government, through the Financial Secretariat.
